CLASS FEATURE

RANGER'S FOCUS

Spend a Hope and make an attack against a target. On a success, deal your attack's normal damage and temporarily make the attack's target your *Focus*. Until this feature ends or you make a different creature your *Focus*, you gain the following benefits against your *Focus*:

- You know precisely what direction they are in.
- When you deal damage to them, they must mark a Stress.
- When you fail an attack against them, you can end your Ranger's Focus feature to reroll your Duality Dice.

RANGER COMPANION

Start at 10

COMPANION NAME

Work with the GM to decide what kind of animal you have as your companion. Give them a name and draw or attach a picture of them in the space above. Then create two Experiences for your companion based on their training and the history you have together. Finally, describe their method of dealing damage (their standard attack) and record it in the "Attack & Damage" section. Their damage starts at d6 and their range starts at Melee.

COMPANION EXPERIENCE

Start with +2 in two Experiences. Whenever you gain a new Experience, your companion also gains one. All new Experiences start at +2.

Example Companion Experiences

Bold Distraction, Expert Climber, Fetch, Friendly, Guardian of the Forest, Horrifying, Intimidating, Loyal Until the End, Navigation, Nimble, Nobody Left Behind, On High Alert, Protective, Royal Companion, Scout, Service Animal, Trusted Mount, Vigilant, We Always Find Them, You Can't Hit What You Can't Find

Make a **Spellcast Roll** to connect with your companion and command them to take action. **Spend a Hope** to add an applicable Companion Experience to the roll. On a success with Hope, if your next action builds on their success, you gain advantage on the roll.

ATTACK & DAMAGE

Standard Attack Range
☐ d6 ☐ d8 ☐ d10 ☐ d12

When you command your companion to attack, they gain any benefits that would normally only apply to you (such as the effects of "Ranger's Focus"). On a success, their damage roll uses your Proficiency and their damage die.

STRESS

STRESS: ☐ ☐ ☐ ☐ ☐

When your companion would take any amount of damage, they mark a Stress. When they mark their last Stress, they drop out of the scene (by hiding, fleeing, or a similar action). They remain unavailable until the start of your next long rest, where they return with 1 Stress cleared.

When you choose a downtime move that clears Stress on yourself, your companion clears an equal number of Stress.

TRAINING

When your character levels up, choose one available option for your companion from the following list and mark it here.

- ☐ ☐ ☐ **Intelligent:** Your companion gains a permanent +1 bonus to a Companion Experience of your choice.
- ☐ **Light in the Dark:**  Use this as an additional Hope slot your character can mark.
- ☐ **Creature Comfort:** Once per rest, when you take time during a quiet moment to give your companion love and attention, you can gain a Hope or you can both clear a Stress.
- ☐ **Armored:** When your companion takes damage, you can mark one of your **Armor Slots** instead of marking one of their Stress.
- ☐ ☐ ☐ **Vicious:** Increase your companion's damage dice or range by one step (d6 to d8, Close to Far, etc.).
- ☐ ☐ ☐ **Resilient:** Your companion gains an additional Stress slot.
- ☐ **Bonded:** When you mark your last Hit Point, your companion rushes to your side to comfort you. Roll a number of **d6s** equal to the unmarked Stress slots they have and mark them. If any roll a 6, your companion helps you up. Clear your last Hit Point and return to the scene.
- ☐ ☐ ☐ **Aware:** Your companion gains a permanent +2 bonus to their Evasion.
